Renewal of registration - Historic Vehicle Scheme (HVS)

Service NSW (which includes the RMS) has advised that HVS renewal is not considered to be an essential activity during a lockdown. Owners of vehicles impacted are required to wait until the lockdown restrictions have eased.

General vehicle registration renewals (vehicles not on club plates)

Service NSW has also advised that that you can request an extension on providing an eSafety inspection report (pink slip). Registration can be renewed and the pink slip provided to the RMS at a later date. See link below for details.

Use of vehicles on Club plates – your responsibilities...

Through the ROC, members are able to access 'club' plates for the registration of eligible vehicles in NSW and the ACT. Each scheme is different and members should familiarise themselves with the requirements for participation. Links to the schemes are provided below, and information is also available on the Club website.

A reminder for users of the NSW 60 day log book:

- (1) – if the vehicle is for personal use, complete the log book before commencing your journey;
- (2) – if attending a Club event, carry with you printed evidence of the event; and
- (3) – ensure that your Certificate of Approved Operations and evidence of current Club membership is with you in your car.

Online this week.....

Found this advert on gumtree for 'old stock' clutch kits. Vendor has several other adverts for various car parts. Might be some hidden gems? Located in Shellharbour region.

Also on gumtree – in WA – are these Rover 75 engine shields that bolt to the underside of the car. I've only ever seen one of these on a car. Many cars have lost this item.
